

Paléo Festival Nyon
21-26.07.2026

Press Releases

Press releases and all documentation about the Paléo Festival are available in the press section of our website: paleo.ch/press.

Concert Photos (new!)

Concert photos taken by our official photographers for media use are available on the Mease platform. Your login credentials are the same as those used for your accreditation request.

Interviews

During the Festival, all artist interview requests must be made via [the rights management platform Mease](#). Request a login at presse@paleo.ch!

Concert Excerpts

For concerts on the Grand Scène and Vége stages, the Festival provides video excerpts (.avi, multi-camera recording) to audiovisual media upon request. These excerpts may only be used in news-related programming, and under certain conditions. Availability is subject to prior approval by the artist and any applicable restrictions. Footage must be requested no later than the day before the concert via the [Mease platform](#). For other stages, media teams must record their own footage (prior request via Mease also required). Please note that filming the stages is strictly prohibited!

Photographers

Some accredited photographers may be allowed to shoot from the photo pits of the stages, depending on the restrictions set by the artists. These restrictions are posted daily at the Press Office. A dedicated room is available for photographers to offload and transfer their files. All photo pit access requests must be submitted in advance via the [Mease platform](#) before the Festival edition.

A dedicated space for media and live performance professionals, the Cosmo is a fresh and friendly green haven. Located behind the Club Tent, the Cosmo offers more than just the welcome shade of the trees lining the Asse river — it's a space full of charm and advantages. With a redesigned layout that encourages encounters, casual networking, and daytime drinks, it transforms into a dancefloor after dark, featuring a guest mixologist each night.

Every day from 3:30 PM, the Cosmo offers:

- a cool, pleasantly shaded relaxation area
- free and unlimited Wi-Fi access
- signature cocktails prepared by a professional mixologist
- afterparties
- aperitif platters and fondue for convivial evenings

Industry Apéros
