

Paléo Festival Nyon
22-27.07.2025

Press Releases

Press releases and all documentation about the Paléo Festival are available in the press section of our website: paleo.ch/press.

Concert Photos

Concert photos taken by our official photographers for media use are available in the press section of the website (protected area: login: *presse* / password: *folkyeah*).

Interviews

During the Festival, all artist interview requests must be made via [the rights management platform Mease](https://the.rights.management/platform/mease). Request a login at presse@paleo.ch!

Concert Excerpts

For concerts on the Grand Scène and Véga stages, the Festival provides video excerpts (.avi, multi-camera recording) to audiovisual media upon request. These excerpts may only be used in news-related programming, and under certain conditions. Availability is subject to prior approval by the artist and any applicable restrictions. Footage must be requested no later than the day before the concert via the [Mease platform](https://the.rights.management/platform/mease).

For other stages, media teams must record their own footage (prior request via Mease also required). Please note that filming the stages is strictly prohibited!

Photographers

Some accredited photographers may be allowed to shoot from the photo pits of the stages, depending on the restrictions set by the artists. These restrictions are posted daily at the Press Office. A dedicated room is available for photographers to offload and transfer their files. All photo pit access requests must be submitted in advance via the [Mease platform](https://the.rights.management/platform/mease) before the Festival edition.

Workspaces, Locker, and Bar

Two workrooms, a locker area (for items valued over CHF 300, we decline all responsibility), and a bar for refreshments are available during Press Office opening hours.

A dedicated space for media and live performance professionals, the Cosmo is a fresh and friendly green haven. Located behind the Club Tent, the Cosmo offers more than just the welcome shade of the trees lining the Asse river — it's a space full of charm and advantages. With a redesigned layout that encourages encounters, casual networking, and daytime drinks, it transforms into a dancefloor after dark (Thursday to Sunday), featuring a guest mixologist each night.

Every day from 3:30 PM, the Cosmo offers:

- A **cool**, delightfully shaded area
- **Flash portraits** by local artists (7:00–9:00 PM & 10:00 PM–12:00 AM)
- Unlimited free **Wi-Fi**
- **Unique cocktails** crafted by a mixologist (7:00–9:00 PM & 10:00 PM–12:00 AM)
- **DJ nights** (from 2:00 AM, Thursday to Sunday)
- **Apéro** platters and fondue for a cozy evening

Pro Programme
